

Billiards Dealer Website Homepage Introductory Text

author: Chris Williamson

Note: I shadow-authored this text for the owner of the business, based on notes gleaned from the owner and the owner's family.

Since 1975, my family and I have sold and serviced pool tables, spas, and related items from our showroom on *address withheld*. Starting in 2015, we've changed the name of our shop to *name withheld*. We still have our experienced team of master mechanics providing great customer service and free deliver and set up of your pool table or spa within 50 miles of *City*.

You'll also find new lines of pool tables in our showroom, from both C.L. Bailey and Connelly. These tables are manufactured to the highest standards while providing the best value in the market. You can't find a higher quality table with such outstanding service from any other dealer in *location withheld*.

Our spas, accessories, custom cue sticks, dartboards, and bar stools are the same ones we've carried for years. You can trust the long-lasting quality and style. On top of our that, our experienced master mechanics are ready to handle any issues you have.

You are invited to visit our showroom right off *location withheld*. We're minutes from downtown, and you're just minutes from fun!

Thanks for your business.
